PETITION TO ACCEPT COLOR PHOTOGRAPHS
UNDER 37 C.F.R. § 1.84(a)(2)

Assistant Commissioner for Patents
Washington, D.C. 20231

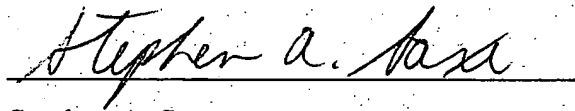

Sir:

Applicants submit three (3) copies of the color photographs (submitted concurrently with all of the formal drawings) which comprise Figures 3A-G, , Figure 8A-H and 9A-L of the drawings, in compliance with the provisions of 37 C.F.R. § 1.84(a)(2). Also included is the requisite petition fee set forth in 37 C.F.R. §1.17(h). In view of the interim waiver that black and white photocopies of the color drawings are no longer necessary, no black and white photocopies of the color photographs are being submitted. It is believed that color drawings are necessary to accurately and completely show the immunofluorescence staining of cells, which immunofluorescence is shown in various colors to represent differential staining. These photographs show the actual experimental results which are in color and are not graphic drawings which can be shown in black and white.

Serial No. 09/864,873

If any additional fees or overpayments are noted, the same should be charged or credited to Deposit Account No. 02-2135. One additional copy of this Petition is enclosed for that purpose.

Respectfully submitted,

A handwritten signature in cursive script, reading "Stephen A. Saxe", is written over a horizontal line.

COMMUNICATION IN RESPONSE TO REQUEST FROM EXAMINER

Dear Sir:

This Communication is submitted in response to a series of telephone conferences between Applicants' undersigned attorney and Examiner Ashen concerning the color photographs previously submitted by Applicants and accepted by the Office in connection with the above-identified application. On September 13, 2001, Applicants submitted a Petition to Accept Color Photographs Under 37 C.F.R. §1.84(a)(2). A copy of the originally filed Petition and return postcard indicating receipt by the Office are attached to this Communication. In a paper from the Office dated April 20, 2005, the Office confirmed that the September 13, 2001 Petition had been granted.

However, on August 15, 2005, Examiner Ashen telephoned the undersigned, advising that the Office had misplaced one of the three previously submitted sets of the color photographs

and that all three sets are needed for the application to pass to issue. After discussing the matter, Applicants' undersigned attorney and Examiner Ashen agreed that, rather than undertake the expense and burden of producing new color photographs to replace those photographs that had been misplaced by the Office, Applicants would instead submit color photocopies of the original photographs. Accordingly, Applicants attach herewith new copies of all of the drawings on file in the application, in triplicate, including such color photocopies. Applicants believe the color photocopies are of sufficient quality to show the same detail as the originally submitted color photographs and that the photocopies do not introduce any new matter. Thus, Applicants respectfully request that the above-identified application promptly issue as a U.S. Patent.

Applicants also direct attention to the Application for Patent Term Adjustment Under 37 C.F.R. §1.705, filed July 15, 2004 by Applicants in connection with the present application. Applicants noted in that paper and reiterate herein, that the present application had been and continues to be pending for more than three (3) years, and thus, Applicants may be entitled to an additional term adjustment for any delay between payment of the issue fee and patent issuance, particularly in light of the fact that the need for the enclosed replacement drawing copies is based entirely on the Office's misplacement of the originally filed set. Applicants therefore again request that the Patent Term Adjustment be recalculated in light of this and other facts set forth in the July 15, 2004 Application for Patent Term Adjustment. Applicants respectfully ask that any recalculated Patent Term Adjustment be noted on the Issue Notification.

No fee is believed due in connection with the filing of this Communication. If, however, any fee is deemed necessary, authorization is hereby given to charge any such fee, or credit any overpayment, to Deposit Account No. 02-2135.

The Office is encouraged to telephone the undersigned if it would help expedite issuance of the above-identified application.

Respectfully submitted,

October 13, 2005
